PLAY WITH THIS SEASON'S FRESHEST NAIL POLISH COLORS

BY KARLA TORRES

"Don't be afraid to try it!" is the nail polish motto. Staci Weiss-Fachmann, executive vice president and artistic director of CND, likes to say, "You can be trendy and be your own person, so dare to try on a new shade you may not have considered in the past." Here's the lowdown on the hottest nail polish colors as you see it:

*For painting that's also blind/sound!*

*Hello, Vegas bachelorette party!*

*Can I see your ring?*

**THE NEW BEIGE!**  
The latest neutrals aren't your usual pretty-in-pinks—they're chic and sophisticated beige, tan and browns. This season's designs have a lot of beautiful embellishments like marbles of gold, bronze, leather, sequins, pearls and... gold! Weiss-Fachmann says.

"Clear filing gives the eye focus and reveals the ring's beauty," Weiss-Fachmann notes. "Make sure they see it up close along with really moisturize and hydrate your natural skin."

**POPCICLE BRIGHTS**  
When we think of Popcolor-inspired nail colors, we think of bubbly gum look princess Katy Perry—love her bold spirit! "Brights like pink, yellow and blue are very in right now," Weiss-Fachmann says. Short nails work best with this cheerful color palette.
