VOODOO NAIL ENAMEL AND CUTICLE ERASER™

As seen in Essence
July 2009

Look to today's technological wonders: Low-level glycolic treatment creams like **CND Cuticle Eraser** (\$10, timetospa.com) with alpha hydroxy acids exfoliate the cuticles and prevent buildup. Massage oil into the cuticles nightly to hydrate and smooth.

Silver-streak it with CND Nail Enamel in Voodoo with silver foil leaf.
