

OFFLY FAST™

MOISTURIZING REMOVER

WHAT IT IS

Professional nail product remover.

WHAT IT DOES

Removes **SHELLAC™** Brand 14+ Day Nail Color, removable gels, nail color, liquid & powder, wraps, adhesives and tips from natural nails.

- Formulated to reduce dehydration of nails and surrounding skin and eliminate the appearance of whiteness, because of the oil content in the formula.

WHY YOU NEED IT

To safely remove **SHELLAC™** Brand nail color, polish and removable nail enhancement products.

FEATURED INGREDIENTS & BENEFITS

Macadamia Nut Oil:

Deeply penetrating natural oil for excellent moisturizing and conditioning.

Vitamin E (Tocopheryl Acetate):

Known to be an antioxidant.

English Cucumber Fragrance:

Pleasant fragrance elevates the service experience.

DIRECTIONS FOR USE

- **SHELLAC™ Brand Removal:** Saturate the cotton pad of a **CND™** Foil Remover Wrap with **OFFLY FAST™**. If necessary, rub the nail with a plastic-backed, lint-free pad saturated with **OFFLY FAST™** to remove any residue.
- **Polish Removal:** Saturate a plastic-backed cotton pad with **OFFLY FAST™**. Use firm pressure along with a circular motion until polish is completely removed.
- **Enhancement Removal:** Apply cotton saturated with **OFFLY FAST™** to each nail. Wrap each nail individually with foil. After appropriate time, gently roll product off using an orangewood stick. Repeat if necessary.
- Visit cnd.com for complete Step-by-Step instructions.

CND offers comprehensive education opportunities. Check the education section of cnd.com for a course near you.

CREATIVE SUGGESTIONS

After applying **CND™** Foil Remover Wrap or cotton & foil with **OFFLY FAST™**, place hands in warm mitts or cover with a warm towel to elevate the service experience and improve the removal process.

Follow removal with re-application of **SHELLAC™**, Enhancements or manicure or pedicure service.
