Additives

Gilded Halo

The easiest way to use CND Additives is straight out of the jar, burnished into CND Shellac™ Power Polish! Additives and Shellac offer unique, one-of-a-kind looks that are so easy and quick to create.

**STEP 1:**
- P.E.P. the natural nail. (For details see our CND Shellac Step-by-Steps).

**STEP 2:**
- Apply a thin layer of Shellac Base Coat and cure for 10 seconds

**STEP 3:**
- Apply two layers of Shellac Cocoa and cure each layer for two minutes.

**STEP 4:**
- Dip the tip of a dry Gel Flat Oval Brush into Additives Antique Bronze and lightly feather it around the perimeter of the nail. The Antique Bronze will adhere to the tacky layer of Shellac.

**STEP 5:**
- Apply a layer of Shellac Top Coat and cure for two minutes.

**STEP 6:**
- Wipe with 99% Isopropyl Alcohol to remove top film.
