

ALMOND HYDRATING LOTION

(Formerly SolarSilk™)

ESCAPE. EXHALE. RELAX.

WHAT IT IS

Silky hand & body lotion is a whipped blend of jojoba oil and vitamin E. Leaves a soft, satin feel and light almond fragrance.

WHAT IT DOES

- Jojoba oil carries vitamin E deeply into the skin to help reduce visible signs of aging. Naturally light oils keep skin soft and supple.
- Light, fast-absorbing formula.

WHY YOU NEED IT

- To enhance the massage portion of a manicure service.
- To expand your retail opportunities: send home with clients after each manicure service.

FEATURED INGREDIENTS AND BENEFITS

Jojoba Seed Oil (*Simmondsia Chinensis*):

Deeply penetrating natural oil for excellent moisturizing and conditioning. Jojoba oil acts like a carrier to increase penetration of other ingredients.

Vitamin E (*Tocopheryl Acetate*):

Antioxidant known to neutralize free radicals associated with premature aging of the skin; softens and moisturizes.

Sunflower Seed Oil (*Helianthus Annuus*):

Softens and conditions.

Glycerin:

Derived from vegetable oil; used for its powerful hydrating attributes. Absorbs quickly into the skin and acts like a moisture magnet by attracting water into the skin and holding it there.

DIRECTIONS FOR USE

- Massage into hands and arms until completely absorbed.

CND offers comprehensive education opportunities. Check the education section of cnd.com for a course near you.

CREATIVE SUGGESTIONS

- Offer a full Almond SpaManicure service utilizing the entire family of Almond products for a soothing experience.
- Affordable gift item; excellent retail opportunity.
